# Infusion Suite Services

## Comfortable Care

The infusion suite in Valley Regional's Kane Center offers a comfortable, private setting for your chemotherapy or other infusion treatments. Three treatment bays featuring recliners with sliding glass doors and seating for your family or friends. There is also a separate treatment room for patients needing additional privacy or increased infection protection.

## Your Team

Our board certified oncologist and oncology certified nurses provide a full spectrum of services including diagnosis, education, chemotherapy, and close medical monitoring.

We work with you to create a treatment plan that is consistent with your goals and needs. We closely coordinate with referring physicians and other specialty care providers. Through our partnership with Norris Cotton Cancer Center, our patients have access to the latest treatments and clinical trials, with sophisticated treatments in a warm, friendly, private setting, close to home.

## Available treatments include:

- Blood Transfusions
- Chemotherapy
- Iron Transfusions
- Remicade Infusions
- Antibiotic Therapies
- Chronic Kidney Disease Monitoring
- Hydration
- Rheumatoid Arthritis Treatments
- Osteoporosis Treatments
