

The DAISY Award

For Excellence & Dedication in Nursing

Compassionate Care

“A few weeks ago, my grandmother came into the ER for an evaluation, after passing out at work.

While in the room, my Gram passed out and began seizing. Lori was at my Gram's bedside—it felt like 24/7!

Her care and compassion are definitely something to be rewarded. She explained everything in a way that my family and I could understand and also answered every question we had.

My grandmother ended up being transferred, but Lori cared for her right up until she left.

A tough moment for our family became easier because of a nurse who was dedicated to her work and her patient. Thank you, Lori!”

“She explained everything in a way we could understand.”

DAISY Award Winner
Lori Lavertue, RN

Valley Regional Healthcare
